### FUCARE Donates 10,000 Pieces of Medical Face Masks to Milan City of Italy

Today, FUCARE announces donation of 10,000 pieces of medical face masks to Milan city of Italy, which has been hit hard by the outbreak of COVID-19 and shortage of medical supply has been a serious issue for local communities' efforts in combatting the virus. FUCARE would air ship these donated face masks directly to Niguarda hospital in north Milan according to guidance from AREU, the regional emergency response organization.

As a safety company with its mission to protect lives and assets, FUCARE sees this global pandemic as a big challenge to all humans and believes providing resources to help combatting the virus is the best practice aligning with its mission.
